# The Transporter Sportline

## The Transporter Sportline. Working hard never looked so good.

The Transporter Sportline is a vehicle designed to complement your lifestyle. This exciting model combines desirability and practicality with the performance of a very capable 174PS diesel engine.

Distinctive styling sets the Sportline apart. To the rear, a roof spoiler, painted bumpers and a unique badge set the tone. In profile, the visual impact of the Sportline's chrome side rails becomes apparent whilst also affording a degree of protection against sill damage. The vehicle adopts its purposeful stance with the aid of 30mm reduced Eibach suspension springs and 18" special weight-rated alloy wheels and all weather tyres. Body coloured door handles and mirrors also complement the vehicle's distinctive styling.

Sportline arguably has the most powerful impact when viewed from the front. Painted bumpers, a Projektzwo lower spoiler with integrated fog lights and chrome upper and lower grilles give the vehicle commanding road presence.

04

05

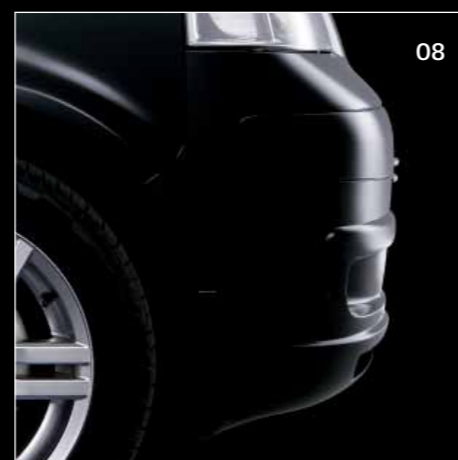

- 01 Electric windows and electrically adjustable, heated mirror controls.
- 02 Standard Radio/CD player and manually controlled air conditioning.
- 03 Stylish, bespoke Sportline badge.
- 04 Rear roofline spoiler, image shows spoiler fitted to standard rear wing doors, optional tailgate available.
- 05 Load area with sheet steel flooring, note how the spoiler splits when the rear doors are opened.

Available in three distinctive colours - Diamond Black pearl, Reflex Silver and Tornado Red - the Sportline is based on the Transporter T30 and is available in either long or short wheelbase, with the option of an unglazed tailgate or solid rear wing doors. The 174PS TDI engine uses the highly acclaimed PD (Pumpe Duese) diesel technology and develops a hugely impressive 400Nm of torque at 2,000rpm. Coupled with a 6-speed manual gearbox, it is the most powerful diesel engine in the Volkswagen Commercial Vehicles range.

Safety is also key, with ABS (Anti-lock Braking System), TCS (Traction Control System) and EBC (Engine Braking Control) all coming as standard. A driver's airbag is also fitted as standard, as well as 3-point inertia reel seat belts on all seats to further emphasise that the desirability, practicality and performance of the Sportline is backed up with the appropriate safety measures.

From the inside, Sportline offers a well thought out, ergonomic cab. The interior provides a commanding driving position, and standard features such as height and reach adjustable seats and steering column enable passengers to create the ideal driving environment. Air conditioning is also fitted as standard to help maintain the desired temperature inside the vehicle.

Comfort is also of paramount importance with Sportline, which is why a comfort seat with armrests for the driver comes as standard. A standard dual passenger seat also offers the flexibility of an additional passenger space, if required. To further enhance an already well-appointed interior, customers also have the option of a luxurious full leather re-trim as an aftermarket enhancement. Electric windows and heated, adjustable door mirrors are fitted as standard with conveniently located controls.

- 06 Driver's comfort seat with armrests and dual passenger seat trimmed in an aftermarket leather option.
- 07 Aftermarket leather option has Sportline logo headrest.
- 08 Stylish painted bumper with Projektzwo front spoiler.
- 09 18" alloy wheel sporting the Sportline centre caps.
- 10 Transporter Sportline showing Tornado Red and optional Reflex Silver metallic paint finishes.

# Transporter Sportline standard specifications.

## Body.

- 2 front doors.
- 8 securing points for roof load rack system.
- Bumpers:
  - Body-coloured.
  - Two chrome grilles, front.
- Centre wheel caps with Sportline decal.
- Chrome side rails.
- Covered sliding door guide.
- Door handles, body-coloured.
- Exterior mirrors:
  - Body-coloured.
  - Convex on passenger's side.
  - Spherical with outer wide angle section on driver's side.
- Fuel tank, lockable (80 litre capacity).
- Jack and tool kit.
- Heat reflective glass.
- Rear roofline spoiler.
- Rear wing doors without windows.
- Self-supporting and galvanised full steel body.
- Sportline badge, rear.
- Towing eyes, front screw-in and rear fixed to body.
- Underbody made up of long and cross members.

## Interior equipment.

- **Cab area:**
  - 1 coat hook.
  - 1 hook on lower dash on front passenger side.
  - 1 open storage compartment in dash panel including mobile phone holder.
  - 2 drinks holders.
  - 2 storage compartments in dash panel beneath outer air vents.
  - 2 storage compartments in driver's door, lower holds 1.5l bottle.
  - 2 storage compartments in passenger door, lower holds 1l bottle.
  - 2 sun visors, folding and pivoted.
  - Ashtray.
  - Dash mounted gear lever.
- Door panel trim – moulded plastic.
- Driver's comfort seat with armrest, height, lumbar, reach and rake adjustment.
- Dual passenger seat, with storage box, folding seat backrest.
- 'Inca' fabric seat covers.
- Interior entry steps.
- Interior light in headliner.
- Interior roof trim as headliner.
- Lockable glove compartment.
- Rubber floor covering.
- Side roof frame trim.
- Storage box integrated in interior roof headliner.
- Storage net on lower dash passenger side.
- **Rear:**
  - 2 interior lights switchable by doors.
  - 6 load lashing rings on SWB.
  - 8 load lashing rings on LWB.
  - Grey hardboard side lining.
  - Interior entry step.
  - Interior roof trim in grey painted hardboard.
  - Rear door interior release lever.
  - Sheet steel flooring.
  - Side sliding door on left.

## Functional equipment.

- 12V socket with cigarette lighter.
- Air conditioning, manually controlled.
- Electric, heated exterior mirrors.
- Electric windows.
- Heater and fresh air system with dust and pollen filter, 4-stage fresh air blower and air recirculation flap.
- Instrument panel includes:
  - Brake pad wear indicator.
  - Coolant temperature display.
  - Digital clock.
  - Fuel gauge.
  - Rev counter.
  - Speedometer with total mileage and trip counter.
  - Warning lamp for handbrake applied.
- Radio/in-dash CD player (2 DIN) with 2 speakers.
- Remote central locking with deadlocking, 2 remote keys supplied.
- Warning buzzer for lights left on.
- Windscreen wiper with 2-speed operation, variable intermittent delay and wash/wiper system (including touch/sweep function).

## Running gear.

- 18" 6-spoke alloy wheels.
- 18" running gear.
- Front and rear axle:
  - 30mm reduced Eibach suspension springs.
  - Anti-roll bars, front and rear.
  - Front McPherson strut suspension.
  - Independent suspension.
  - Rear miniblock springs.
  - Telescopic shock absorbers.
- Hydraulic brake system with ventilated disc brakes and ABS: Anti-lock Braking System.
- Power steering.
- Temporary steel spare wheel, limited to 50mph.
- Tyres: 235/50 R18.

## Safety and security equipment.

- 2 reversing lights.
- ABS: Anti-lock Braking System.
- Airbag, driver.
- Anti-theft protection:
  - Breaksafe steering wheel lock.
  - Electronic immobiliser 'Transponder'.
- EBC: Engine Braking Control (MSR).
- EBD: Electronic Brakeforce Distribution.
- Fog lights, front.
- Fog light, rear.
- Halogen main headlights.
- Headlight range control.
- Head restraints, height adjustable.
- Laminated glass, windscreen with grey strip at top and tinted border between sun visors.
- Safety steering column, height and rake adjustable.
- Seat belts, height adjustment and tensioners for all outer cab seats.
- Seat belts, three point inertia reel.
- Side mounted indicators.
- Single tone horn.
- TCS: Traction Control System.

s Standard. Fuel consumption figures are with 50% payload. Diesel engines are suitable for bio diesel in accordance with EN590. Roof load limit and trailer nose weight are both 100kg. \*For 12% gradient. \*\*Unladen weight includes full tank of fuel, excludes crew. \*\*\*Payload with full tank of fuel, excluding crew. Payload = gross vehicle weight - unladen weight. The height measurements listed here may vary by ± 50mm depending on equipment fitted.

## The Volkswagen warranty.

### Three-year warranty.

All Volkswagen Transporters come with a three-year/100,000 miles warranty, which protects your vehicle against the failure of most mechanical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/100,000 miles (whichever is soonest) Van Centre warranty. Should the mileage exceed 100,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. If an additional warranty for subsequent years or higher mileage is desired, it may be purchased from an authorised Volkswagen Van Centre or Van Service Centre; however, this additional warranty must be purchased before the mileage reaches 100,000. Full details of the three-year warranty are available from your authorised Volkswagen Van Centre or Van Service Centre.

### Three-year Paint warranty.

The paintwork of the Transporter is covered against manufacturing defects for a period of three years. Naturally, the Transporter must be cared for in compliance with the operating instructions which will be found in your owner's handbook. Please consult your authorised Volkswagen Van Centre or Van Service Centre for full warranty details.

### 12-year Body Protection warranty.

The internal body sections and panels of the Transporter are covered against rusting through from the inside for 12 years. Naturally, the Transporter must be cared for in compliance with the operating instructions. Please consult your authorised Volkswagen Van Centre or Van Service Centre for full warranty details.

### Service intervals for Diesel Engines.

Volkswagen has always been dedicated to protecting the environment. That's why all Transporters come with a LongLife Service regime. As a result of longer service intervals the engine oil requirement can be significantly reduced over the vehicle's total life, which results in less waste oil to dispose of and reduces the burden on the environment.

The LongLife Service regime is so called because there are no set service intervals. The interval between services, depending on how you drive your vehicle and the conditions of use, can be anywhere from 9,000 miles up to a maximum of approximately 18,000 miles or 24 months (whichever comes first). The Service Interval Display in the instrument panel will indicate when a service is required.

This LongLife Service regime has been made possible due to the development of new Volkswagen engines with the latest technically advanced long-life oils. These engines use

Please note: Some of the vehicles shown are fitted with optional equipment at extra charge. All data given and specifications are in accordance with information available at the time of going to print and are subject to change without notice. Vehicles not in current UK stock and customer order vehicles may take a number of weeks for delivery. Certain combinations of vehicle specifications and factory fitted extras are not compatible and therefore all orders received are subject to confirmation. Please check details and availability with an appropriate authorised Volkswagen Van Centre at the time of ordering. The Volkswagen Transporter is available through Volkswagen Van Centres.

built-in sensors that continually monitor the oil quality, making it possible to enjoy reliable and confident motoring.

If you would like a more traditional service regime the Transporter can be adapted by your authorised Volkswagen Van Centre or Van Service Centre to the Time/Distance regime. This can be done at the point of vehicle sale or when an inspection service is carried out. An oil change is required at every 10,000 miles on the Time/Distance regime.

All mileages are approximate as the system uses kilometres as the distance measure. Please consult your authorised Volkswagen Van Centre or Van Service Centre for full details.

### Approved Accessories.

A comprehensive range of accessories from alloy wheels to carpet mats is available to complement the factory fitted option list. Volkswagen approved accessories purchased from and fitted by your authorised Volkswagen Van Centre at the point of vehicle sale will also benefit from the three-year vehicle warranty.

### Volkswagen Insurance.

Competitive insurance premiums are available to Volkswagen owners through Volkswagen Insurance Service (Great Britain) Limited. Volkswagen Insurance guarantees that all repair work is undertaken by an authorised Volkswagen Van Centre or Van Service Centre. For a quotation, telephone Linkline on **0845 600 8006**.

### Extended warranty.

You may purchase additional vehicle warranty protection. Please contact your authorised Volkswagen Van Centre or Van Service Centre for further details.

### Volkswagen Finance<sup>†</sup>.

Volkswagen Finance offers a dedicated service to meet the needs of both the business user and the private motorist. We can help you choose the right type of finance and will tailor the package to meet your specific requirements. Please consult your authorised Volkswagen Van Centre for details.

<sup>†</sup> Volkswagen Finance is a trading name of Volkswagen Financial Services (UK) Limited.

### Volkswagen Roadside Assistance.

Every new Transporter is registered for Volkswagen Roadside Assistance for three years. This provides vehicle recovery in the event of a breakdown in the UK and Europe (subject to conditions). Volkswagen Roadside Assistance can also be purchased for subsequent years. For full details, please contact your authorised Volkswagen Van Centre or Van Service Centre.
